From the Principal

I would like to thank all the parents who took the opportunity to attend parent teacher conferences held on October 20th and 21st. The conferences were well attended and provided yet another avenue in which parents and teachers can share information that supports student learning and success. If you were unable to make it during these times and would still like to visit with any of the teachers, please feel free to call and set up an appointment as the teacher are happy to visit with you.

I would also like to take this opportunity to recognize the leadership and efforts of our House and Community student leaders during the first quarter of our school year. They have done an excellent job re-establishing the protocols and structure to our Community system that was lost last year with all the pandemic restrictions. With the help and support of our Community deans, they are developing strong leadership and organization skills that will serve them well in the future.

We are extremely grateful that we have experienced minimal interruption from COVID this school year. With that being said, we are currently experiencing a slight uptick in positive cases within our student body.

With that in mind, we want to emphasize the importance of keeping students at home if they are experiencing any COVID symptoms. These symptoms include: Fever or chills including low grade fever, dry cough and/or shortness of breath, muscle or body aches, headaches, sore throat, loss of taste or smell, congestion, runny nose, nausea or vomiting, and diarrhea. Your cooperation is greatly appreciated
